Detectamet
manufacturer of detectable products

Metal Detectable & X-Ray Visible PPE & Workwear

Gloves

Detectamet's detectable disposable & reusable gloves are perfect for a wide range of applications in a manufacturing environment.

Ear Protection

Our earplug range offers earplugs that are SNR and NRR certified. We also offer earplug storage boxes to keep our reusable earplugs protected and clean in between uses.

Hair & Beard Coverings

Our hair and beard coverings are metal detectable by a flexible aluminium foil strip. We have a wide range of hair & beard nets in a variety of identifiable colours.

Face Masks

Alongside our extensive detectable face mask range, we also supply our detectable ear savers, allowing face masks to be worn with added comfort.

Dispenser Range

Our detectable PPE dispensers are suitable for a wide range of our detectable PPE & workwear. We encourage all our customers to keep their PPE organised and accessible to further reduce the risk of contamination in their manufacturing environment.

Metal Detectable & X-Ray Visible PPE & Workwear

Metal Detectable & X-Ray Visible Detectable Plasters/ Bandages

FR: Pansements détectables

ES: Tiritas detectables

DE: Metalldetektierbare Heftpflaster

Hygiene is of paramount importance in the food processing industry.

Our innovative range of detectable plasters are blue in colour and offer a dual detection system, making them detectable by both metal and X-Ray inspection systems – required under BRCGS Issue 8. They are also fully FDA 21 CFR Part 807 approved.

Available in eight popular sizes, these detectable plasters come in packs of 50 or 100 dependent on size. We also offer an assorted pack of 100 containing multiple sizes.
